Har din webshop mange produkter, som hører under lovgivningen, så kan disse masseredigeres på engang.

The screenshot shows a web interface for managing products. At the top, there's a 'Products' header with buttons for 'Add New', 'Import', and 'Export'. Below this, there are filters for 'All (3)', 'Published (3)', and 'Sorting'. A table of products is displayed with columns for selection (checkboxes), image, and name. The products listed are 'test333', 'Sub', and 'Test'. The 'test333' and 'Test' rows have their checkboxes checked. Red lines are drawn under the 'Edit' and 'Apply' buttons at the top and bottom of the table, and under the checkboxes for 'test333' and 'Test'. At the bottom of the interface, there are 'Edit' and 'Apply' buttons.

Klik på opdater nederst for at bekræfte masseændringerne.
